GENERAL INFORMATION.

Press/Tv/Radio matters over the past month 15.1.94 - 15.2.94.

Southampton Evening Echo : 11 January 94 :

CARPENTER SHOT MYSTERY GIANT CAT TERRORISING ISLE OF WIGHT :

Experts are hailing pictures of a leopard-type animal shot on the Isle Of Wight as proof that fearsome big cats are roaming the British countryside.

The three-and-a-half ton long spotted creature shot by Stuart Skinner and his friend Jason Ward is either an Ocelot or a Serval.

The creature was shot by carpenter Stuart, 21, with his 20 bore rifle, while farm worker Jason, also 21, held a dim torch. Stuart and Jason shot the creature some time ago but kept quiet until now, fearing they had done something wrong.

The pair had set a fox trap after 20 chickens and ducks had been taken from a farm near Sandown - where Jason worked.

"We were sitting inside when we heard this strange howling, growling noise coming from the trap.

"It was making a hell of a noise. Jason and I rushed outside with our guns and a torch," said Stuart from St Helens.

"We thought we had finally caught the fox that had been nicking the chickens and ducks....so I blasted it with my 20 bore," added Stuart.

Anne & Nick : BBC 1 : 12-14 January 94 :

Reference was made to strange lights seen over many parts of the country. Reports of flashing lights, but it was not thunder. Nick had seen it, and had not seen anything like it before. People were talking about ufos (has anyone got anymore information...ED !!). Anne related a sighting when she was driving along in her car one night. A strange light appeared to follow her, stopped, and went straight up into the sky. She put the object down to a helicopter !!

Nick also made mention to a vote taking place next week (week of 17 - 22nd Jan 94), in Brussels for a flying saucer observatory in France (See Daily Mail 3.1.94 and newsletter No 39).

Sky Tv : 19 January 94 : X-Files...1 Hr.

This was a documentary based on true events of ufo abductions and two peoples attempts to get to the bottom of the mystery disappearances and deaths. Well worth a look at, and a different approach to the ufo theme.

Sky Tv : 21 January 94 : The Sightings : 30 Mins :

This is a regular weekly feature on sky tv and one well worth looking out for. This edition covered the ufo subject on a broad field, with a look at cattle mutilations and crop circles. This is another programme that is well worth recording and is a must for the ufologist to take a look at....

Can Anyone Out There Help Me !!!!! :

Granada Tv : 28.1.94 : 10.40 - 11.40 pm.

This programme featured Jenny Randles, Susan Blackmore, and Michael Roll... Did anyone see it ? or did anyone even record it ?.. If you did record it, could the editor borrow a copy to take a look at ???

The Sightings : Sky Tv : Friday 28 Jan 94 :

I missed this edition, which looked at abductions... Can anyone loan me a copy to look at... ???

Death Of Ken Rogers...

It is a sad day for Ufology with the death of Ken Rogers 1950 - 1994, on the 15th of January 1994, at the Bath Royal Hospital, following a long illness.

Ken was only a 15 year old school boy in 1965 when the Warminster sightings made national headlines. He was the founder member of the Warminster Ufo Society which became the British Ufo Society.

He started organising Skywatches on Cradle Hill, Warminster in 1973, after correlating local sightings of the Warminster 'THING'. From his research, he found that the 27th August every other year was the most likely time to encounter visitors from beyond the stars.

He claimed he saw the Warminster 'THING' and in a television said that the crop circles were the landing marks, of the ufo's. Over the years, he organised many ufo exhibitions on the subject in Warminster, and produced a video called 'The Warminster Thing'.

Although many people may not have agreed with some of Mr Rogers views, one must still feel a touch of sadness at the loss of one of the early leading lights of ufology.

Bufora Ireland cuts it ties with UK.

The above branch of Bufora has severed their links with Bufora (UK). They are now known as IUFOPRA (The Irish Ufo and Paranormal Research Association). A full report as to why, will be published in issue No 4 of the journal now called IUFOPRA Journal. More details available from : IUFOPRA, P.O Box 3070, Whitehall, Dublin 9, Ireland.

Malcolm Robinson Takes up new post...

Malcolm has now taken up the post of BUFORA's Scottish Regional Investigator Co-Ordinator for Scotland (RIC). He is hoping to speak at next years 1995, Bufora congress (On the Bonnybridge Ufo Sightings). May I take this opportunity to wish Malcolm the best of luck with his new venture.
